BSZ-0041

FORCE MODULE SEPARATOR  
Size: 15.5cm

BSZ Surgico was found in 1989 to satisfy the need for medical instruments in the European health care industry. The company rapidly formed a sound base on which to expand by recruiting qualified technicians and experts. As a result, a specialized R&D department was formed to develop new and improved products in the fields of general surgery, microsurgery, podiatry and dentistry.

Today, more than 92% of BSZ's production is in export sales to over 40 countries world wide with dental and orthodontic instruments forming a significant part of their production.

BSZ operates and maintain a Quality Assurance System based on ISO 9001 and ISO 13485-2003.

BSZ instruments CE marked, FDA approved and TGA Registered.
